

Most girls like to tease	Men with big penises are usually better lovers	Most sexual assaults on young children are committed by men over 40
Guys feel guilty about masturbating	Women like men who treat them rough	Pornography shows realistic sexual relationships between males and females.
Girls who dress sexy are usually asking for it	A woman should do almost anything to keep a man.	Girls feel uncomfortable being more dominant than their boyfriends.
Birth control is primarily the girl's responsibility	Women like men with bigger penises	Most teenagers have trouble imagining their parents/carers having sex with each other.
Most teenage males have wet dreams	Teenagers have trouble asking their parents/carers about sex	Males are not as romantic as females.
Parents/Carers are a good source of sexual information		Guys are more likely to have sex with girls they don't care a lot about
Teenage boys are usually not as self-conscious about their bodies as girls	Most women have a secret desire to be raped	All people should have a choice whether to have same sex (homosexual) or opposite sex (heterosexual relationships).
Chance of pregnancy is increased if the man and woman 'come' at the same time.	Most teenagers think that masturbation is okay.	Guys should let their girlfriends know who is boss
Boys who act like the males in pornography are more appealing to females.	A girl's identity is based on her sexuality or how sexy she is.	There is a definite 'safe period' during the menstrual cycle when a woman can't get pregnant.

Drugs and alcohol make sex more fun.	Sex offenders have greater than normal sex drives	Parents should not be affectionate with each other in front of their children
Girls are usually taught to say 'no' to sex, so guys have to convince them.	Pornography is used by men to get others to be sexual with them.	Masturbation feels good
Teenagers who think about sexual activity with members of the same sex are probably gay.	Many sexual assaults would not occur if the victim wasn't really 'asking for it'	Most guys try to get as much as they can on a date
Girls who talk about sex want to 'get it on' more often than girls who don't	Teenage boys don't practice birth control, because they are too embarrassed to go and buy condoms.	Women should not say no to sex requested by their husbands.
Parents/Carers worry less about their son's sexual; behaviour than their daughters.	Masturbation is okay	Pornography is a good source of information about sex.
Teenage girls are usually not as self-conscious about their bodies as teenage boys.	If you were guaranteed that you would not get caught, you might force a person to be sexual with you.	If you were guaranteed that you would not get caught, you might trick or manipulate a person into being sexual.
Boys lose respect for girls who 'go all the way'	Most teenagers have sexual day dreams	Sexually active teenage girls don't use birth control because they want to get pregnant.
Adult victims of sexual assault are usually young, attractive women.	Guys should not have sexual intercourse before marriage	Oral sex is okay.
